Title: Analytical method development for powder characterization: Visualization of the critical drug loading affecting the processability of a formulation for direct compression

Author: Cosima Hirschberg Changquan Calvin Sun Jukka Rantanen

PII: S0731-7085(16)30331-4
DOI: <http://dx.doi.org/doi:10.1016/j.jpba.2016.06.014>
Reference: PBA 10706

To appear in: *Journal of Pharmaceutical and Biomedical Analysis*

Received date: 19-4-2016
Revised date: 8-6-2016
Accepted date: 8-6-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Analytical method development for powder characterization:
visualization of the critical drug loading affecting the processability of
a formulation for direct compression
