

Accepted Manuscript

The depressed central carbon and energy metabolisms is associated to the acquisition of levofloxacin resistance in *Vibrio alginolyticus*

Zhi-xue Cheng, Man-Jun Yang, Bo Peng, Xuan-xian Peng, Xiang-min Lin, Hui Li

PII: S1874-3919(18)30145-3
DOI: doi:[10.1016/j.jprot.2018.04.002](https://doi.org/10.1016/j.jprot.2018.04.002)
Reference: JPROT 3098

To appear in: *Journal of Proteomics*

Received date: 19 November 2017
Revised date: 28 February 2018
Accepted date: 2 April 2018

Please cite this article as: Zhi-xue Cheng, Man-Jun Yang, Bo Peng, Xuan-xian Peng, Xiang-min Lin, Hui Li , The depressed central carbon and energy metabolisms is associated to the acquisition of levofloxacin resistance in *Vibrio alginolyticus*. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Jprot(2018), doi:[10.1016/j.jprot.2018.04.002](https://doi.org/10.1016/j.jprot.2018.04.002)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**The depressed central carbon and energy metabolisms is associated to
the acquisition of levofloxacin resistance in *Vibrio alginolyticus***
