Integrating cell biology and proteomic approaches in plants

Tomáš Takáč, Olga Šamajová, Jozef Šamaj

PII: S1874-3919(17)30145-8
DOI: doi: [10.1016/j.jprot.2017.04.020](https://doi.org/10.1016/j.jprot.2017.04.020)
Reference: JPROT 2836

To appear in: *Journal of Proteomics*

Received date: 21 December 2016
Revised date: 29 March 2017
Accepted date: 18 April 2017

Please cite this article as: Tomáš Takáč, Olga Šamajová, Jozef Šamaj , Integrating cell biology and proteomic approaches in plants. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Jprot(2017), doi: [10.1016/j.jprot.2017.04.020](https://doi.org/10.1016/j.jprot.2017.04.020)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Integrating cell biology and proteomic approaches in plants
