Comparative shotgun proteomic analysis of wild and domesticated *Opuntia* spp. species shows a metabolic adaptation through domestication

Carole Pichereaux, Eric E. Hernández-Domínguez, Maria del Socorro Santos Diaz, Antonio Reyes-Agüero, Marizel Astello-García, Françoise Guéraud, Anne Negre-Salvayre, Odile Schiltz, Michel Rossignol, Ana Paulina Barba de la Rosa

PII: S1874-3919(16)30117-8
DOI: doi: [10.1016/j.jprot.2016.04.003](https://doi.org/10.1016/j.jprot.2016.04.003)
Reference: JPROT 2492

To appear in: *Journal of Proteomics*

Received date: 18 December 2015
Revised date: 1 April 2016
Accepted date: 4 April 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Comparative shotgun proteomic analysis of wild and domesticated *Opuntia* spp. species shows a metabolic adaptation through domestication
