Determination of selenium species in biota by HPLC-ICP-MS

Rajani Jagtap, William Maher

PII: S0026-265X(15)00151-4
DOI: doi: [10.1016/j.microc.2015.07.014](https://doi.org/10.1016/j.microc.2015.07.014)
Reference: MICROC 2188

To appear in: *Microchemical Journal*

Received date: 14 May 2015
Revised date: 13 July 2015
Accepted date: 19 July 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Title: Determination of selenium species in biota by HPLC-ICP-MS

Author names and affiliations: Rajani Jagtap¹, William Maher¹

¹Ecochemistry Laboratory, Institute for Applied Ecology, University of Canberra,
