Quantification of active ingredients in *Potentilla tormentilla* by Raman and infrared spectroscopy

Sylwester Mazurek, Izabela Fecka, Magdalena Węglińska, Roman Szostak

PII: S0039-9140(18)30702-1
DOI: <https://doi.org/10.1016/j.talanta.2018.07.012>
Reference: TAL18841

To appear in: *Talanta*

Received date: 11 April 2018
Revised date: 30 June 2018
Accepted date: 5 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Quantification of active ingredients in *Potentilla tormentilla*
by Raman and infrared spectroscopy**
