Recent advances of mesoporous materials for sample preparation in proteomics research

Jizong Yao, Nianrong Sun, Chunhui Deng

PII: S0165-9936(17)30424-7

DOI: [10.1016/j.trac.2017.11.016](https://doi.org/10.1016/j.trac.2017.11.016)

Reference: TRAC 15062

To appear in: *Trends in Analytical Chemistry*

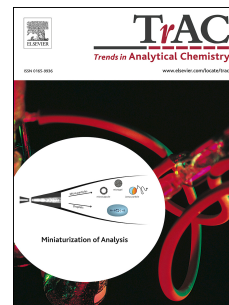

Received Date: 19 October 2017

Revised Date: 7 November 2017

Accepted Date: 8 November 2017

Please cite this article as: J. Yao, N. Sun, C. Deng, Recent advances of mesoporous materials for sample preparation in proteomics research, *Trends in Analytical Chemistry* (2018), doi: 10.1016/j.trac.2017.11.016.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 **Recent advances of mesoporous materials for sample**
2 **preparation in proteomics research**
