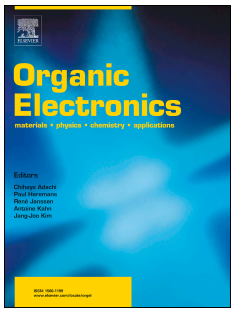
Accepted Manuscript



Automated open-source software for charge transport analysis in single-carrier organic semiconductor diodes

Nikolaos Felekidis, Armantas Melianas, Martijn Kemerink

PII: S1566-1199(18)30301-X

DOI: 10.1016/j.orgel.2018.06.010

Reference: ORGELE 4733

To appear in: *Organic Electronics*

Received Date: 15 March 2018

Revised Date: 18 May 2018

Accepted Date: 6 June 2018

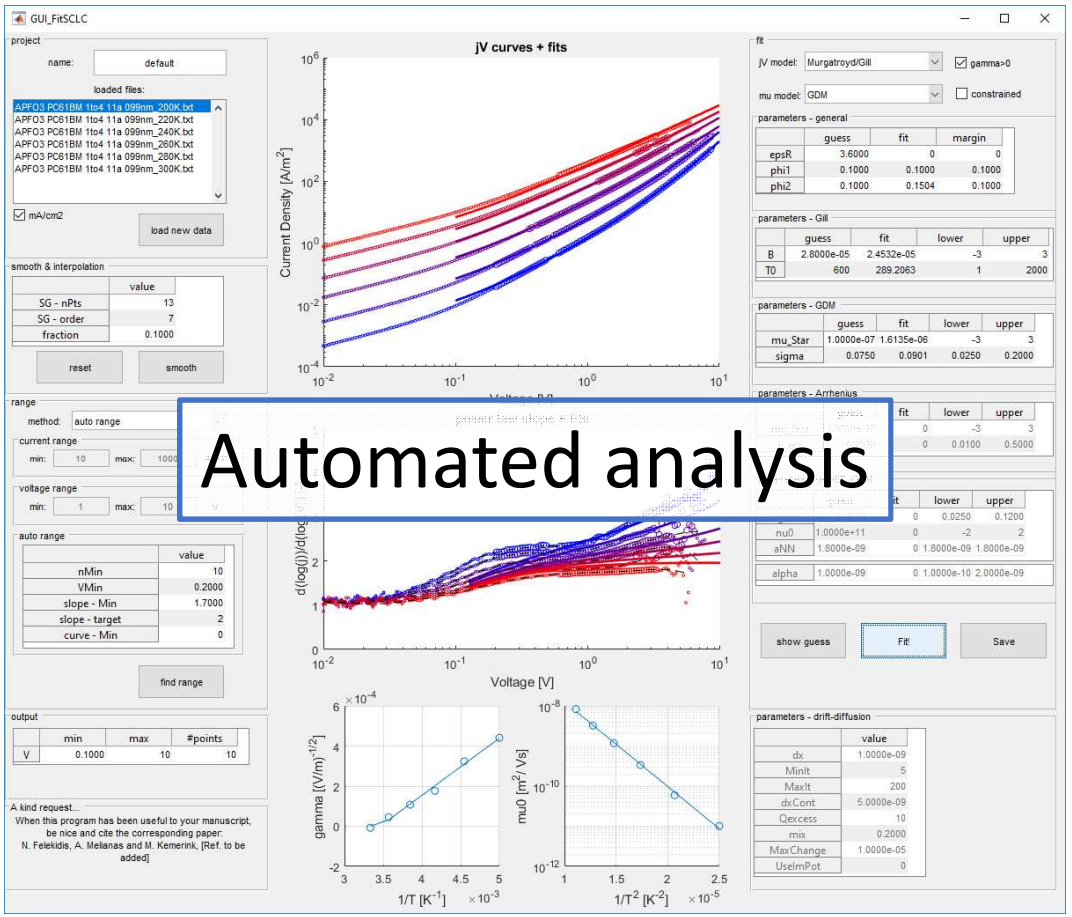
This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

T-dependent IV curves



Automated analysis
