Construction of Heterometallic M_2Pd_3 Supramolecular Cages via a Metalloligand Strategy as Heterogeneous Catalyst for Suzuki–Miyaura Coupling Reaction

Xi-Ren Wu, Su-Yang Yao, Lian-Qiang Wei, Li-Ping Li, Bao-Hui Ye

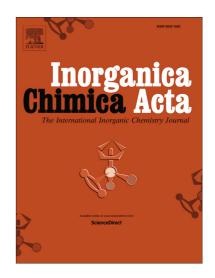

PII: S0020-1693(18)30771-0

DOI: https://doi.org/10.1016/j.ica.2018.07.009

Reference: ICA 18355

To appear in: Inorganica Chimica Acta

Received Date: 18 May 2018 Revised Date: 2 July 2018 Accepted Date: 4 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
