This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Hydrolysis reaction promotes changes in coordination mode of  
Ru(II)/acylthiourea organometallic complexes with cytotoxicity  
against human lung tumor cell lines**
