

## Accepted Manuscript

Immobilization of polyoxometalate in a cage-based metal–organic framework towards enhanced stability and highly effective dye degradation

Di-Ming Chen, Xiao-Hui Liu, Nan-Nan Zhang, Chun-Sen Liu, Miao Du

PII: S0277-5387(18)30307-3  
DOI: <https://doi.org/10.1016/j.poly.2018.05.059>  
Reference: POLY 13206

To appear in: *Polyhedron*

Received Date: 22 April 2018  
Accepted Date: 30 May 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
