

## Accepted Manuscript

Title: Development of pH-responsive chitosan-based hydrogel modified with bone ash for controlled release of amoxicillin

Authors: Didem Aycan, Neslihan Alemdar

PII: S0144-8617(17)31429-7  
DOI: <https://doi.org/10.1016/j.carbpol.2017.12.023>  
Reference: CARP 13085

To appear in:

Received date: 27-10-2017  
Revised date: 11-12-2017  
Accepted date: 11-12-2017

Please cite this article as: Aycan D, Alemdar N, Development of pH-responsive chitosan-based hydrogel modified with bone ash for controlled release of amoxicillin, *Carbohydrate Polymers* (2010), <https://doi.org/10.1016/j.carbpol.2017.12.023>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Development of pH-responsive chitosan-based hydrogel modified with bone ash for controlled release of amoxicillin
