

## Accepted Manuscript

Title: Establishing whether the structural feature controlling the mechanical properties of starch films is molecular or crystalline

Author: Ming Li Fengwei Xie Jovin Hasjim Torsten Witt  
Peter J. Halley Robert G. Gilbert

PII: S0144-8617(14)00933-3  
DOI: <http://dx.doi.org/doi:10.1016/j.carbpol.2014.09.036>  
Reference: CARP 9293

To appear in:

Received date: 23-4-2014  
Revised date: 5-7-2014  
Accepted date: 2-9-2014

G., Establishing whether the structural feature controlling the mechanical properties of starch films is molecular or crystalline, *Carbohydrate Polymers* (2014), <http://dx.doi.org/10.1016/j.carbpol.2014.09.036>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1           **Establishing whether the structural feature**  
2           **controlling the mechanical properties of starch**  
3           **films is molecular or crystalline**
