

Accepted Manuscript

Title: Carboxymethylcellulose film for bacterial wound infection control and healing

Author: Tin Wui Wong Nor Amlizan Ramli

PII: S0144-8617(14)00572-4

DOI: <http://dx.doi.org/doi:10.1016/j.carbpol.2014.06.002>

Reference: CARP 8961

To appear in:

Received date: 3-4-2014

Revised date: 29-5-2014

Accepted date: 1-6-2014

Please cite this article as: Wong, T. W., and Ramli, N. A., Carboxymethylcellulose film for bacterial wound infection control and healing, *Carbohydrate Polymers* (2014), <http://dx.doi.org/10.1016/j.carbpol.2014.06.002>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Carboxymethylcellulose film for bacterial wound infection control and healing
