Identification of novel isomeric pectic oligosaccharides using hydrophilic interaction chromatography coupled to traveling-wave ion mobility mass spectrometry

Antonius G.M. Leijdekkers, Jie-Hong Huang, Edwin J. Bakx, Harry Gruppen, Henk A. Schols

PII: S0008-6215(14)00455-8
DOI: <http://dx.doi.org/10.1016/j.carres.2014.12.003>
Reference: CAR 6905

To appear in: *Carbohydrate Research*

Received Date: 17 October 2014
Revised Date: 23 November 2014
Accepted Date: 13 December 2014

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Identification of novel isomeric pectic oligosaccharides using hydrophilic interaction chromatography coupled to traveling-wave ion mobility mass spectrometry
