

Accepted Manuscript

Nanocomposite chitosan hydrogels based on PLGA nanoparticles as potential biomedical materials

Talitha Caldas dos Santos, Rebeca Hernández, Nicoletta Rescignano, Laurita Boff, Flávio Henrique Reginatto, Cláudia Maria Oliveira Simões, Angela Machado de Campos, Carmen Mijangos

PII: S0014-3057(17)31740-8
DOI: <https://doi.org/10.1016/j.eurpolymj.2017.12.039>
Reference: EPJ 8226

To appear in: *European Polymer Journal*

Received Date: 1 October 2017
Revised Date: 8 December 2017
Accepted Date: 28 December 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
