Theoretical and spectroscopic studies of a tricyclic antidepressant, imipramine hydrochloride

S.G. Sagdinc, Caner Azkeskin, A. Eşme

PII: S0022-2860(18)30202-3

DOI: [10.1016/j.molstruc.2018.02.056](https://doi.org/10.1016/j.molstruc.2018.02.056)

Reference: MOLSTR 24878

To appear in: *Journal of Molecular Structure*

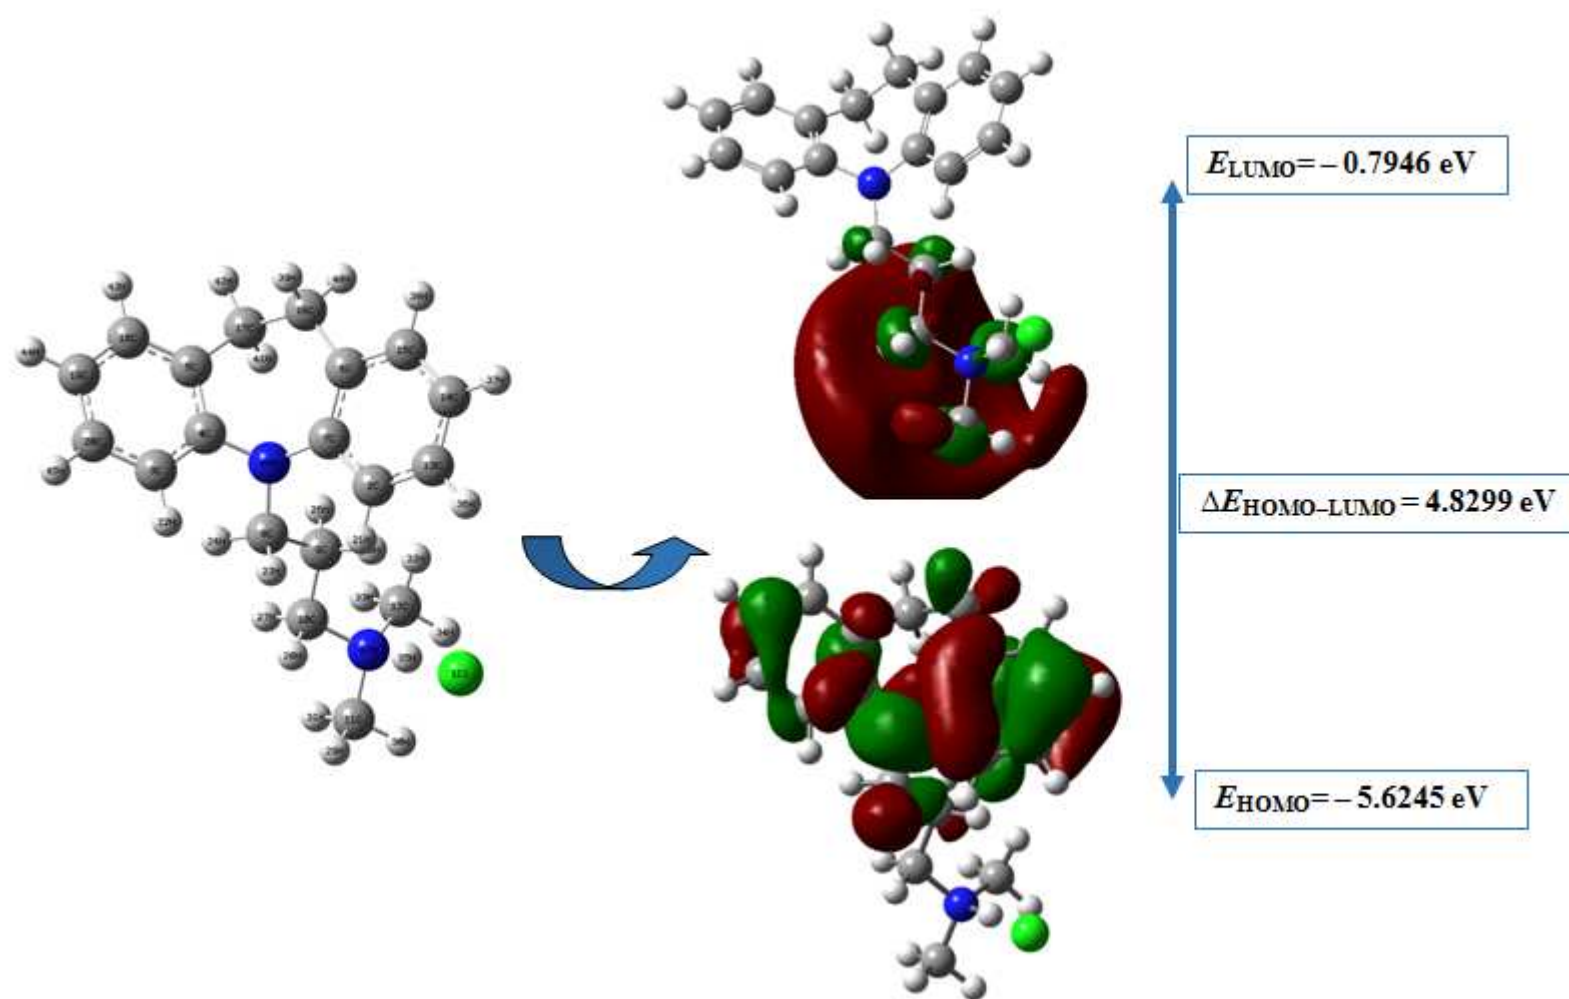

Received Date: 13 December 2017

Revised Date: 9 February 2018

Accepted Date: 12 February 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
