

# Accepted Manuscript

Photo-regulated ultrasensitive extraction of Azatioprine using a novel photoresponsive molecularly imprinted polymer conjugated hyperbranched polymers based magnetic nano-particles

Hanieh Sadat Alaei, Mohammad Saber Tehrani, Syed Waqif Husain, Homayon Ahmad Panahi, Ali Mehramizi

PII: S0032-3861(18)30499-3

DOI: [10.1016/j.polymer.2018.06.013](https://doi.org/10.1016/j.polymer.2018.06.013)

Reference: JPOL 20650

To appear in: *Polymer*

Received Date: 22 January 2018

Revised Date: 15 May 2018

Accepted Date: 5 June 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
