Accepted Manuscript

Morphology control in surfactant free polyurethane/acrylic hybrid latices – The special role of hydrogen bonding

Bo Jiang, John G. Tsavalas, Donald C. Sundberg

PII: S0032-3861(18)30073-9

DOI: 10.1016/j.polymer.2018.01.054

Reference: JPOL 20314

To appear in: *Polymer*

Received Date: 2 November 2017

Revised Date: 16 January 2018

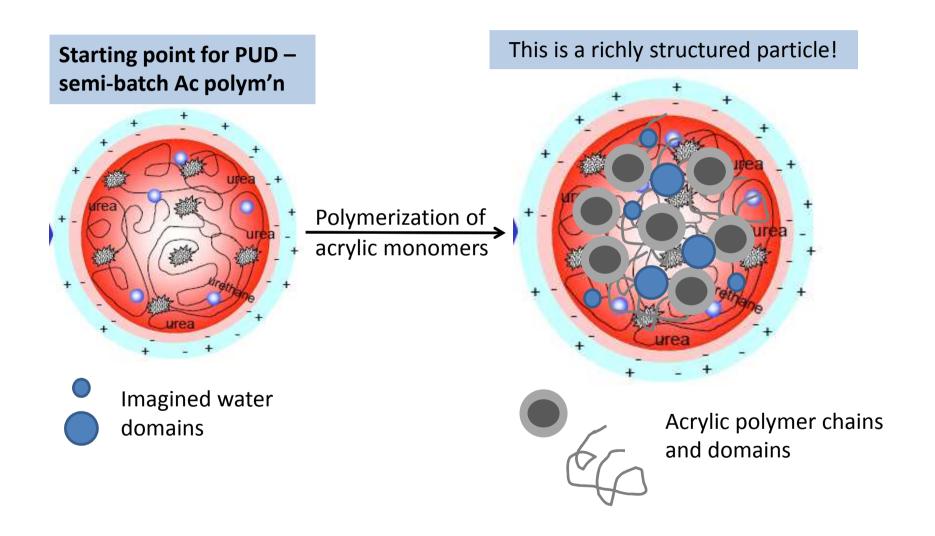

Accepted Date: 19 January 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
