Title: Surface modification of malachite with ethanediamine and its effect on sulfidization flotation

Authors: Qicheng Feng, Wenjuan Zhao, Shuming Wen

PII: S0169-4332(17)33701-7
DOI: <https://doi.org/10.1016/j.apsusc.2017.12.113>
Reference: APSUSC 37983

To appear in: *APSUSC*

Received date: 16-9-2017
Revised date: 4-12-2017
Accepted date: 13-12-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Surface modification of malachite with ethanediamine and its effect on sulfidization flotation
