

Accepted Manuscript

Title: Large-area self-assembled reduced graphene oxide/electrochemically exfoliated graphene hybrid films for transparent electrothermal heaters

Authors: Hongyan Sun, Ding Chen, Chen Ye, Xinming Li, Dan Dai, Qilong Yuan, Kuan W.A. Chee, Pei Zhao, Nan Jiang, Cheng-Te Lin

PII: S0169-4332(17)33475-X
DOI: <https://doi.org/10.1016/j.apsusc.2017.11.182>
Reference: APSUSC 37764

To appear in: *APSUSC*

Received date: 21-8-2017
Revised date: 12-11-2017
Accepted date: 21-11-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Large-area self-assembled reduced graphene oxide/electrochemically exfoliated graphene hybrid films for transparent electrothermal heaters
