Title: Control of the electrical resistivity of Ni-Cr wires using low pressure chemical vapor deposition of tin

Authors: Jun-Hyun Kim, Jeong Geun Bak, Kangtaek Lee,
Chang-Koo Kim

PII: S0169-4332(17)32585-0
 DOI: <http://dx.doi.org/10.1016/j.apsusc.2017.08.225>
 Reference: APSUSC 37062

To appear in: *APSUSC*

Received date: 26-3-2017

Revised date: 29-8-2017

Accepted date: 30-8-2017

Please cite this article as: Jun-Hyun Kim, Jeong Geun Bak, Kangtaek Lee, Chang-Koo Kim, Control of the electrical resistivity of Ni-Cr wires using low pressure chemical vapor deposition of tin, Applied Surface Science <http://dx.doi.org/10.1016/j.apsusc.2017.08.225>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Control of the electrical resistivity of Ni-Cr wires using low pressure chemical vapor deposition of tin
