Mixed micellization of an amphiphilic drug amitriptyline hydrochloride and surface active ionic liquids: interfacial and micellization studies

Amalendu Pal, Alka Yadav

PII: S0009-2614(18)30546-3

DOI: <https://doi.org/10.1016/j.cplett.2018.07.001>

Reference: CPLETT 35765

To appear in: *Chemical Physics Letters*

Received Date: 2 June 2018

Revised Date: 25 June 2018

Accepted Date: 2 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Mixed micellization of an amphiphilic drug amitriptyline hydrochloride and surface active ionic liquids: interfacial and micellization studies**
