Budesonide solubility in some non-aqueous mono-solvents at different temperatures: Measurements and mathematical correlation with Abraham model

Mohammad Barzegar-Jalali, Abolghasem Jouyban, Esmail Mohammadian, Fleming Martinez, Elaheh Rahimpour

PII: S0167-7322(18)31207-8
DOI: doi:[10.1016/j.molliq.2018.08.080](https://doi.org/10.1016/j.molliq.2018.08.080)
Reference: MOLLIQ 9525
To appear in: *Journal of Molecular Liquids*
Received date: 9 March 2018
Revised date: 24 July 2018
Accepted date: 12 August 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
