Implantable small device enabled with magnetic actuation for on-demand and pulsatile drug delivery

Seung Ho Lee, Byung Hwi Kim, Chun Gwon Park, Cheol Lee, Byung Yoon Lim, Young Bin Choy

PII: S0168-3659(18)30430-9
DOI: doi:[10.1016/j.jconrel.2018.07.037](https://doi.org/10.1016/j.jconrel.2018.07.037)
Reference: COREL 9397
To appear in: *Journal of Controlled Release*
Received date: 17 April 2018
Revised date: 17 July 2018
Accepted date: 23 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
