

## Accepted Manuscript

Tissue engineering: Still facing a long way ahead

Parichehr Hassanzadeh, Fatemeh Atyabi, Rassoul Dinarvand

PII: S0168-3659(18)30208-6  
DOI: doi:[10.1016/j.jconrel.2018.04.024](https://doi.org/10.1016/j.jconrel.2018.04.024)  
Reference: COREL 9251  
To appear in: *Journal of Controlled Release*  
Received date: 12 February 2018  
Revised date: 9 April 2018  
Accepted date: 11 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
