Encapsulation and controlled release of retinol from silicone particles for topical delivery

C. Wyatt Shields, John P. White, Erica G. Osta, Jerishma Patel, Shashank Rajkumar, Nickolas Kirby, Jean-Philippe Therrien, Stefan Zauscher

PII: S0168-3659(18)30153-6
DOI: doi:[10.1016/j.jconrel.2018.03.023](https://doi.org/10.1016/j.jconrel.2018.03.023)
Reference: COREL 9215
To appear in: *Journal of Controlled Release*
Received date: 28 September 2017
Revised date: 11 March 2018
Accepted date: 23 March 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Encapsulation and Controlled Release of Retinol from Silicone Particles for Topical Delivery
