

## Accepted Manuscript

Synergism between a cell penetrating peptide and a pH-sensitive cationic lipid in efficient gene delivery based on double-coated nanoparticles

Ikramy A. Khalil, Seigo Kimura, Yusuke Sato, Hideyoshi Harashima

PII: S0168-3659(18)30076-2  
DOI: doi:[10.1016/j.jconrel.2018.02.016](https://doi.org/10.1016/j.jconrel.2018.02.016)  
Reference: COREL 9164

To appear in: *Journal of Controlled Release*

Received date: 21 September 2017

Revised date: 21 January 2018

Accepted date: 12 February 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
