Defining drug and target protein distributions after stent-based drug release: Durable versus deployable coatings

Abraham R. Tzafriri, Fernando Garcia-Polite, Xiaojian Li, John Keating, Josep-Maria Balaguer, Brett Zani, Lynn Bailey, Peter Markham, Timothy C. Kiorpes, Wenda Carlyle, Elazer R. Edelman

PII: S0168-3659(18)30069-5
DOI: doi:[10.1016/j.jconrel.2018.02.007](https://doi.org/10.1016/j.jconrel.2018.02.007)
Reference: COREL 9155
To appear in: *Journal of Controlled Release*
Received date: 2 September 2017
Revised date: 31 December 2017
Accepted date: 4 February 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Defining drug and target protein distributions after stent-based drug release: durable versus deployable coatings
