

Accepted Manuscript

Biocomposite macroporous cryogels as potential carrier scaffolds for bone active agents augmenting bone regeneration

Deepak Bushan Raina, Hanna Isaksson, Arun Kumar Teotia, Lars Lidgren, Magnus Tägil, Ashok Kumar

PII: S0168-3659(16)30351-0
DOI: doi: [10.1016/j.jconrel.2016.05.061](https://doi.org/10.1016/j.jconrel.2016.05.061)
Reference: COREL 8304

To appear in: *Journal of Controlled Release*

Received date: 26 November 2015
Revised date: 26 May 2016
Accepted date: 28 May 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
