A Cleavable Cytolysin-Neuropeptid Y Bioconjugate Enables Specific Drug Delivery and Demonstrates Intracellular Mode of Action

Verena M. Ahrens, Katja B. Kostelnik, Robert Rennert, David Böhme, Stefan Kalkhof, David Kosel, Lutz Weber, Martin von Bergen, Annette G. Beck-Sickinger

PII: S0168-3659(15)00285-0
DOI: doi: [10.1016/j.jconrel.2015.04.037](https://doi.org/10.1016/j.jconrel.2015.04.037)
Reference: COREL 7658

To appear in: *Journal of Controlled Release*

Received date: 14 February 2015
Revised date: 26 April 2015
Accepted date: 27 April 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

A Cleavable Cytolysin-Neuropeptide Y Bioconjugate Enables Specific Drug Delivery and Demonstrates Intracellular Mode of Action
