## Accepted Manuscript

Cancer Cell Surface Induced Peptide Folding Allows Intracellular Translocation of Drug

Scott H. Medina, Joel P. Schneider

PII:	S0168-3659(15)00565-9
DOI:	doi: 10.1016/j.jconrel.2015.05.267
Reference:	COREL 7683

To appear in: Journal of Controlled Release

Received date:27 March 2015Accepted date:11 May 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
