BisGMA analogues as monomers and diluents for dental restorative composite materials

Rohit Srivastava, Jianhong Liu, Chuanxin He, Yuyu Sun

PII: S0928-4931(17)33252-6
DOI: <https://doi.org/10.1016/j.msec.2018.01.011>
Reference: MSC 8393
To appear in: *Materials Science & Engineering C*
Received date: 12 August 2017
Revised date: 9 December 2017
Accepted date: 30 January 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

BisGMA Analogues as Monomers and Diluents for Dental Restorative Composite**Materials**
