Mixed-ligand copper(II) complex of quercetin regulate osteogenesis and angiogenesis

Selvaraj Vimalraj, Subramaniyam Rajalakshmi, Desingh Raj Preeth, Sivasubramanian Vinoth Kumar, Thirumalai Deepak, Venkatraman Gopinath, Suvro Chatterjee

PII: S0928-4931(17)32663-2
DOI: doi:10.1016/j.msec.2017.09.005
Reference: MSC 8290

To appear in: *Materials Science & Engineering C*

Received date: 9 July 2017
Revised date: 28 July 2017
Accepted date: 27 September 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

Mixed-ligand Copper(II) Complex of Quercetin Regulate Osteogenesis and Angiogenesis

Selvaraj Vimalraj*[1‡], Subramaniyam Rajalakshmi*[2‡], Desingh Raj preeth[2], Sivasubramanian Vinoth Kumar[3], Thirumalai Deepak[2], Venkatraman Gopinath[4] and Suvro Chatterjee[1]
