The early hydration of metakaolin blended cements by non-contact impedance measurement

Rongjin Cai, Zhen He, Shengwen Tang, Tao Wu, E. Chen

PII: S0958-9465(17)30458-4

DOI: [10.1016/j.cemconcomp.2018.06.001](https://doi.org/10.1016/j.cemconcomp.2018.06.001)

Reference: CECO 3072

To appear in: *Cement and Concrete Composites*

Received Date: 17 May 2017

Revised Date: 17 May 2018

Accepted Date: 1 June 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 **The early hydration of metakaolin blended cements by**
2 **Non-contact impedance measurement**
