Dry-processing of long-term wet-stored fly ash for use as an addition in concrete

M.J. McCarthy, L. Zheng, R.K. Dhir, G. Tella

PII: S0958-9465(16)30684-9

DOI: [10.1016/j.cemconcomp.2017.10.004](https://doi.org/10.1016/j.cemconcomp.2017.10.004)

Reference: CECO 2920

To appear in: *Cement and Concrete Composites*

Received Date: 2 November 2016

Revised Date: 16 June 2017

Accepted Date: 14 October 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

DRY-PROCESSING OF LONG-TERM WET-STORED FLY ASH FOR USE AS AN ADDITION IN CONCRETE

M J McCarthy¹, L Zheng¹, R K Dhir¹ and G Tella¹

Keywords: Wet-stored fly ash; Drying; Air classifying, sieving and grinding; Reactivity; Use in concrete.

Word: 5204 (Excluding references)

Tables: 7

Figures: 9
