

# Accepted Manuscript

Concretes made of efficient multi-composite cements with slag and limestone

Tilo Proske, Moien Rezvani, Sebastian Palm, Christoph Müller, Carl-Alexander Graubner

PII: S0958-9465(17)30890-9

DOI: [10.1016/j.cemconcomp.2018.02.012](https://doi.org/10.1016/j.cemconcomp.2018.02.012)

Reference: CECO 2997

To appear in: *Cement and Concrete Composites*

Received Date: 27 September 2017

Revised Date: 12 December 2017

Accepted Date: 21 February 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
