

## Accepted Manuscript

Title: The influence of cyclic load on environmentally assisted cracking of carbon steel in simulated fuel grade ethanol

Author: Itaru Samusawa Kazuhiko Shiotanib Chikara Kami

PII: S0010-938X(16)30082-8  
DOI: <http://dx.doi.org/doi:10.1016/j.corsci.2016.02.039>  
Reference: CS 6676

To appear in:

Received date: 30-10-2015  
Revised date: 23-2-2016  
Accepted date: 24-2-2016

Please cite this article as: Itaru Samusawa, Kazuhiko Shiotanib, Chikara Kami, The influence of cyclic load on environmentally assisted cracking of carbon steel in simulated fuel grade ethanol, Corrosion Science <http://dx.doi.org/10.1016/j.corsci.2016.02.039>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# The influence of cyclic load on environmentally assisted cracking of carbon steel in simulated fuel grade ethanol
