

## Accepted Manuscript

Title: Application of interaction energy in quantitative structure-inhibition relationship study of some benzenethiol derivatives on copper corrosion

Author: Mehdi Mousavi Tayebah Baghcoli

PII: S0010-938X(16)30014-2  
DOI: <http://dx.doi.org/doi:10.1016/j.corsci.2016.01.014>  
Reference: CS 6617

To appear in:

Received date: 21-7-2015  
Revised date: 10-1-2016  
Accepted date: 11-1-2016

Please cite this article as: Mehdi Mousavi, Tayebah Baghcoli, Application of interaction energy in quantitative structure-inhibition relationship study of some benzenethiol derivatives on copper corrosion, Corrosion Science <http://dx.doi.org/10.1016/j.corsci.2016.01.014>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Application of interaction energy in quantitative structure-inhibition relationship study  
of some benzenethiol derivatives on copper corrosion**
