

## Accepted Manuscript

Title: Microstructural characterization and robust comparison of ceramic porous orbital implants

Authors: Francesco Baino, Giuseppe Falvo D'Urso Labate, Giovanna Gautier di Confiengo, Maria G. Faga, Chiara Vitale-Brovarone, Gerardo Catapano

PII: S0955-2219(17)30856-7  
DOI: <https://doi.org/10.1016/j.jeurceramsoc.2017.12.047>  
Reference: JECS 11652

To appear in: *Journal of the European Ceramic Society*

Received date: 14-11-2017  
Revised date: 17-12-2017  
Accepted date: 22-12-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## Microstructural characterization and robust comparison of ceramic porous orbital implants
