Title: Low loss polypropylene-silicon composites for millimetre wave applications

Authors: J. Krupka, P.G. Shakhil, N.S. Arun, R. Ratheesh, H. Jantunen, H.T. Kim, M.T. Sebastian

PII: S0025-5408(17)33522-5
DOI: <https://doi.org/10.1016/j.materresbull.2018.03.047>
Reference: MRB 9928

To appear in: *MRB*

Received date: 13-9-2017
Revised date: 7-3-2018
Accepted date: 26-3-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
