This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Effect of gamma irradiation on the structural and magnetic properties of Co-Zn spinel ferrite nanoparticles

Graphical Abstract

Highlights

- Co-Zn ferrite nanoparticles were examined before and after γ -irradiation.
- Single phase cubic spinel structure of Co-Zn was confirmed by XRD data.
