Synthesis of ZrO_2 nanoparticles using reactive magnetron sputtering and their structural, morphological and thermal studies

Monu Verma, Vinod Kumar, Akash Katoch

PII: S0254-0584(18)30212-8
DOI: 10.1016/j.matchemphys.2018.03.049
Reference: MAC 20452
To appear in: *Materials Chemistry and Physics*
Received Date: 19 August 2017
Revised Date: 16 December 2017
Accepted Date: 16 March 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Synthesis of ZrO₂ nanoparticles using reactive magnetron sputtering and their structural, morphological and thermal studies
