The research for SIS compound modified asphalt

Feng Zhang, Changbin Hu, Yu Zhang

PII: S0254-0584(17)30805-2

DOI: 10.1016/j.matchemphys.2017.10.023

Reference: MAC 20062

To appear in: Materials Chemistry and Physics

Please cite this article as: Feng Zhang, Changbin Hu, Yu Zhang, The research for SIS compound modified asphalt, *Materials Chemistry and Physics* (2017), doi: 10.1016/j.matchemphys.2017.10.023

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

- PPA was used to improve the properties of SIS modified asphalt and decline the cost.
- Sulfur was used to improve the properties of SIS/PPA modified asphalt further.
- The modification mechanism of SIS/PPA/sulfur modified asphalt was proposed.
