

Accepted Manuscript

Thickness-dependent surface energies of few-layered arsenene and antimonene films in α and β phases

N. Zhao, Y.F. Zhu, Q. Jiang

PII: S1386-9477(17)31664-8

DOI: [10.1016/j.physe.2018.02.026](https://doi.org/10.1016/j.physe.2018.02.026)

Reference: PHYSE 13065

To appear in: *Physica E: Low-dimensional Systems and Nanostructures*

Received Date: 30 October 2017

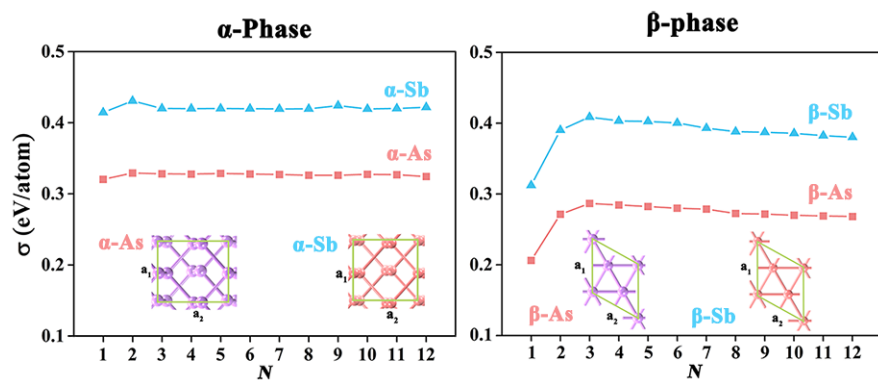

Revised Date: 18 January 2018

Accepted Date: 28 February 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
