

# Author's Accepted Manuscript

Platelets are key in cold physical plasma-facilitated blood coagulation in mice

Sander Bekeschus, Janik Brüggemeier, Christine Hackbarth, Thomas von Woedtke, Lars-Ivo Partecke, Julia van der Linde

PII: S2212-8166(17)30008-2  
DOI: <https://doi.org/10.1016/j.cpme.2017.10.001>  
Reference: CPME64

To appear in: *Clinical Plasma Medicine*

Received date: 7 March 2017  
Revised date: 12 October 2017  
Accepted date: 16 October 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
