## **Accepted Manuscript**

Research on the effect of the derived transverse stress during instability processes in the sheet metal's uniaxial tensile test

E. Daxin, Yalong Wang, Wen Zhang, Zitian Fan

PII: S0925-8388(18)31012-0

DOI: 10.1016/j.jallcom.2018.03.144

Reference: JALCOM 45374

To appear in: Journal of Alloys and Compounds

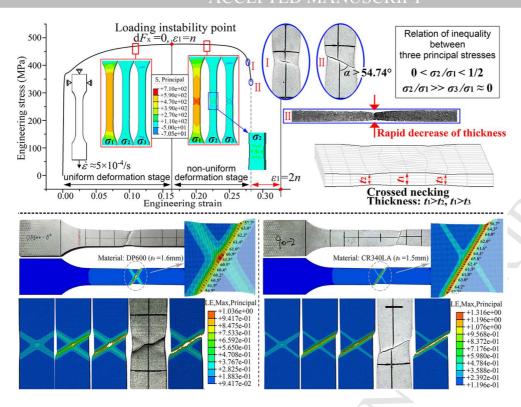

Received Date: 26 October 2017
Revised Date: 3 March 2018
Accepted Date: 11 March 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
