

## Accepted Manuscript

Chalcogenide Glass-Ceramics: Functional Design and Crystallization Mechanism

Changgui Lin, Christian Rüssel, Shixun Dai

PII: S0079-6425(17)30131-7  
DOI: <https://doi.org/10.1016/j.pmatsci.2017.11.001>  
Reference: JPMS 483

To appear in: *Progress in Materials Science*

Received Date: 29 August 2016  
Revised Date: 3 November 2017  
Accepted Date: 11 November 2017

Please cite this article as: Lin, C., Rüssel, C., Dai, S., Chalcogenide Glass-Ceramics: Functional Design and Crystallization Mechanism, *Progress in Materials Science* (2017), doi: <https://doi.org/10.1016/j.pmatsci.2017.11.001>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Title: Chalcogenide Glass-Ceramics: Functional Design and Crystallization**

**Mechanism**

Number of manuscript folios: 132

Number of figures: 32

Number of tables: 7

A short running title: Chalcogenide Glass-Ceramics

Corresponding author's name and complete contact information

Dr. Changgui Lin
