Morphology perspective on chromic acid anodizing replacement by thin film sulfuric acid anodizing

Zhongfen (Vivian) Ding, Blair A. Smith, Robert R. Hebert, Weilong Zhang, Mark R. Jaworowski

PII: S0257-8972(18)30705-9
DOI: doi:[10.1016/j.surfcoat.2018.07.008](https://doi.org/10.1016/j.surfcoat.2018.07.008)
Reference: SCT 23571
To appear in: *Surface & Coatings Technology*
Received date: 12 March 2018
Revised date: 5 June 2018
Accepted date: 2 July 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Morphology Perspective on Chromic Acid Anodizing Replacement by Thin Film Sulfuric Acid Anodizing
