

Accepted Manuscript

Gas Inlet and Input Power Modulated Sputtering Molybdenum Nitride Thin Films

Jian-Ying Xiang, Fan-Bean Wu

PII: S0257-8972(17)30939-8
DOI: doi:[10.1016/j.surfcoat.2017.06.095](https://doi.org/10.1016/j.surfcoat.2017.06.095)
Reference: SCT 22691

To appear in: *Surface & Coatings Technology*

Received date: 24 March 2017
Revised date: 24 June 2017
Accepted date: 27 June 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Gas Inlet and Input Power Modulated Sputtering Molybdenum
Nitride Thin Films**
